GROOMING INSTRUCTION SHEET

CLIENT NAME: _____ PATIENT NAME: _____

BREED: _____ COLOR: _____

AGE: _____ SEX: _____

Our goal is to groom your pet in the manner you desire and to always provide quality service and client satisfaction. Grooming includes the hair cut, bath, nail trim, ear cleaning and expression of anal glands. In order to avoid any misunderstanding, we must ask our clients to specify the grooming style preferred (i.e. Standard clip for breed, non-standard clip, and overall close clip). Please describe fully.

If your pet is found to have fleas, ticks or other external parasites, additional charges will be incurred for treatment (usually a Capstar tablet for fleas). **ALL PETS ADMITTED TO THE HOSPITAL MUST BE UP TO DATE ON REQUIRED VACCINATIONS AS DETERMINED BY YOUR VETERINARIAN.** These include: Dog – Distemper Combination, Bordetella, and Rabies; Cat – Distemper Combination and Rabies.

Should your pet require sedation for grooming, don't allow any food after 9pm the night before the grooming appointment and remove water between 6 & 7am the morning of. Also please complete one of the forms for anesthetic procedures and bring it on the day of your appointment.

I authorize Westbrook Animal Hospital to provide the services as described and to provide parasite treatment as determined necessary by the hospital personnel.
